

FILM EDITOR | BOSTON

Neoscape is a pioneer in the world of visual storytelling, and we are looking for a film editor who can grow, inspire, and be inspired by our team and clients in a highly collaborative environment. The film editor is responsible for conceptualizing story ideas by assembling the final film as a sequence of shots from raw camera footage (green screen, aerial, b-roll), 3D animation, and / or time-lapse photography mixed with impactful sound effects and motion graphics. In this role, you will work closely with the creative and visualization directors, as well as the motion graphics team, on a variety of productions including short marketing films, 3D animation, lifestyle videography, documentaries, demo reels and commercials. The ideal candidate will have a knack for selecting the most effective shots in terms of drama, story relevance, and continuity, and understand the basics of telling a cohesive and complete story. You are an agile thinker, interested in all aspects of film production, with an intellectual curiosity and drive to create great work.
